

## Have you considered becoming a School Governor in your local area?

Would you like to:

- Be involved in making important decisions?
- Make a positive contribution to children's education?

The Aspire Learning Trust is a young and successful Multi-Academy Trust based in the market town of Whittlesey, north Cambridgeshire. We are a cross-phase Trust comprised of Sir Harry Smith Community College (Secondary), Park Lane Primary and Nursery School and New Road Primary School, all Whittlesey schools.

Our vision is simple, Aspire Learning Trust strives to provide outstanding all-round education and care for the children in our community, from nursery through to Sixth Form. Our schools work together to help children achieve their full potential, to prepare them for their next educational steps, to teach them kindness and respect for all and to equip them to play a full and satisfying role in society. We are looking to strengthen the Governing Bodies at each school and the Board of Trustees

Trustees and Governors work in partnership with the CEO and Headteachers. Their duties are wide-ranging and include setting the budget in line with the Trust's Funding Agreement, monitoring pupil progress and attainment, recruiting teachers and staff and agreeing school policies.

If you would like to play a more active role in the schools your children attend or you feel you have skills and experience that would help the Trust, please contact the Clerk to the Aspire Learning Trust at [aspire.secretary@sirharrysmith.cambs.sch.uk](mailto:aspire.secretary@sirharrysmith.cambs.sch.uk).
