## INTRODUCTION

This policy is a statement of intent by Aspire Learning Trust regarding the organisation and arrangements for ensuring the Health and Safety at work of its employees, pupils, visitors and contractors, whilst on Academy Trust premises, on the premises of any Academy under the overall control of Aspire Learning Trust, or conducting work elsewhere on behalf of Aspire Learning Trust.

Supplementary to this general statement each School will be responsible for developing its own Health & Safety Policy (based on the template provided by Aspire Learning Trust) which includes Workplace Risk Assessments, clearly defined responsibilities and Site Specific Health & Safety Procedures. The board of Directors will take all reasonable steps to identify and reduce hazards to a minimum, but all staff and pupils must appreciate that their own safety, and that of others, also depends on their individual conduct and vigilance.

It is the policy of Aspire Learning Trust to ensure, so far as reasonably practicable, the health, and safety of its employees whilst they are at work, also of others who may be affected by their activities, and to comply with the Health and Safety at Work Act 1974 and all other related and relevant legislation as appropriate.

## LEGISLATION

Under the Health and Safety at Work Act 1974, the employer in a school, i.e. Aspire Learning Trust, must take reasonable steps to ensure that staff and pupils are not exposed to risks to their health and safety. This applies to activities on or off school premises.

Regulations made under the Health and Safety at Work etc. Act 1974 set out in more detail what actions employers are required to take. For example, the Management of Health and Safety at Work Regulations 1999 requires employers to:

- Assess the risks to staff and others affected by school activities in order to identify the health and safety measures that are necessary and, in certain circumstances, keep a record of the significant findings of that assessment;
- Introduce measures to manage those risks (risk management);
- Tell their employees about the risks and measures to be taken to manage the risks; and ensure that adequate training is given to employees on health and safety matters.

## OBJECTIVES

To comply with this legislation, Schools within Aspire Learning Trust will endeavour to achieve the following objectives:

- To set and maintain high standards for health and safety throughout the organisation;
- To identify risks and set in place programmes to remove, manage, or reduce those risks;

- To ensure, where reasonably practicable, that contractors working on Aspire Learning Trust's behalf, work to the same high standards of safety as Aspire Learning Trust themselves;
- To ensure that all personnel are given the necessary information, instruction and training to enable them to work in a safe manner;
- To develop campaigns etc to promote and encourage safety and health awareness of employees and others affected by their undertakings;
- To monitor its operations with regard to health and safety management and achieve continuous health and safety improvement:
- To ensure that the health and safety of the general public is protected at all Academies within the Trust
- To ensure that adequate consideration is given to the protection of the environment;
- To ensure that these standards are communicated to all employees, associated company employees and contractors;

## COMMUNICATION

Each school will have clear and well communicated chain of responsibility for health and safety matters. The name of the Designated Persons appointed with responsibility for health and safety on each Aspire Learning Trust school site or associated premises, will be clearly communicated. The Designated Person with site responsibility, as well as Senior and Middle Leaders, will ensure that any relevant information, to ensure the management and control of risks, is communicated to all staff and visitors. All Aspire Learning Trust employees and associated personnel should familiarise themselves with the Site Health and Safety Arrangements wherever they work.
